Instructions for Installation and Care of Honda Big Red Top Cap HO-BIGRED-TC01

CAUTION: Do not smoke inside the cab or expose the product to direct flames. Product is FLAMMABLE.

Be sure to read these instructions thoroughly before opening and installing. The installation is best done when the temperature is 70 degrees F. or warmer. The temperature affects the adhesive Velcro, if conditions prevent installing in warmer weather it helps to store the adhesive Velcro at room temperature prior to installation.

1. Carefully open the carton and remove the rolled up Top Cap on a large flat surface that is clean and free of dirt.
2. Check over the parts included in the carton with the parts list shown below:

Velcro hook strips	5 each (1 extra)	6" long
Top Cap	1 each	

If any parts are damaged or missing please contact customer service at (800) 213-7981.

3. Place the Top Cap over the roll cage of the vehicle. Pull the corners down to determine the correct positions to place the 6" adhesive Velcro strips around the roll bars. The photos below show the correct way to attach the double-sided Velcro. Ensure that all corners are positioned correctly at all four corners, and then pull tight.

Thank you for your purchase!
