

FALCON RIDGE

3510-1 Port Jacksonville Pkwy, Jacksonville, FL 32226

800-213-7981

Instructions for Installation and Care of

Kawasaki 610 Mule

Top Cap

KAW-610-TC01

CAUTION: Do not smoke inside the cab or expose the product to direct flames. Product is FLAMMABLE.

Be sure to read these instructions thoroughly before opening and installing the enclosure. The installation is best done when the temperature is 70°F or warmer. The temperature affects the adhesive Velcro. If conditions prevent installing in warmer weather it helps to store the adhesive Velcro at room temperature prior to installation.

1. Carefully open the carton and remove the rolled up Top Cap on a large flat surface that is clean and free of dirt.
2. Check over the parts included in the carton with the parts list shown below:
Velcro hook strips 5 each (1 extra) 6" long
Top Cap 1 each
3. Place the Top Cap over the roll cage of the vehicle. Pull the corners down to determine the correct positions to place the 6" adhesive Velcro strips around the roll bars. The photos below show the correct way to attach the double-sided Velcro straps. Ensure that all corners are positioned correctly at all four corners, then pull tight.

Cleaning and Storage Recommendations:

1. Before removing the cab for storage, make sure it is clean and dry, to prevent soiling the textile. Clean with a soft rag or sponge using a mild liquid detergent soap and warm water solution. Let the top cap dry thoroughly before attempting to roll for storage.
2. It is important that the top cap be rolled up for storage rather than folding. Folding will cause undesirable creasing of the textile. Carefully roll up the top cap similar to the way it was when it was packed at the factory. Put the rolled top cap back into the carton for storage at a normal room temperature. It is best not to expose the top cap to either extreme hot or cold temperatures when storing.
3. A special cleaner/conditioner is available from Falcon Ridge that will greatly increase the service life of the product. If needed, additional hook and loop sets are available, as well as other spare parts and hardware. Contact Falcon Ridge for information.
4. Transporting or trailering your UTV with the top cap installed is not generally recommended. It is best to remove the top cap before transporting your UTV.

Thank you for your purchase!

Return Policy

If for any reason you choose to return this product it must be returned within **30 days from date item is received**. You **MUST** package the product exactly **as it was originally packaged from the factory to get a full refund for the product!**

The vinyl windows should never be folded when packaging in the box or for storage purposes. Lay all the windows on top of each other with the canvas folded in between and the paper (if available) on both sides of the windows.

All returned products will be inspected upon arrival at the production facility and must be in unused, factory new condition to receive refund - a 25% restocking fee will apply.

If ordered from Falcon Ridge please call at 800-213-7981 to gain a return authorization number, use our preferred shipping carrier (UPS) to return the item (unless the item is defective, you are responsible for paying the shipping to return the item.) **Any returns submitted to Falcon Ridge Offroad without a return authorization number will be charged a 20% restocking fee.** If ordered from one of Falcon Ridge Offroads many distributors', you must first call them and see what their return policy is. Once your item reaches our production facility, our customer satisfaction team will inspect your item to ensure unused, factory new condition. NOTE: All windshields must be returned with the original protective film intact and not removed. Do NOT REMOVE if you have any intentions of returning the item. Refund/ replacement of a windshield will only be processed on items with original protective film or if the windshield is defective.

Items must be properly packaged in the original shipping carton to protect them during transit and ensure your returned item arrives back factory fresh, and in new resalable condition (**any returned items that have been used, altered or damaged in any way will not be subject for a refund.**) All contents including instruction manuals, accessories, hardware, Velcro, etc. must be included in your return shipment. Only items in OEM factory new condition will be approved. Once returned items are received, credit will be issued to the original credit card/ payment method used for the purchase. Outbound shipping and return shipping cost will not be refunded. Please allow 4 to 6 weeks for your refund to be processed.
