**Instructions for Installation and Care of  
Kawasaki Teryx Folding Lexan Windshield**

**NOTICE:** Please check contents of package for any damage and make sure all parts fit correctly and you are happy with the product before removing protective film. Once the film is removed you cannot return the product for a full refund.

1. Check over the parts included in the carton with the parts list shown below:

**Lexan Windshield**

|                          |         |
|--------------------------|---------|
| 1-7/8" loom clamps       | 8 each  |
| 1" stainless steel bolts | 14 each |
| 1-1/4" stainless bolts   | 2 each  |
| Stainless steel washers  | 26 each |
| Thumb nuts               | 8 each  |
| Rubber gasket, 53"       | 1 each  |
| Lexan windshield braces  | 2 each  |
| Lexan windshield         | 1 piece |

2. Take the windshield and all of the hardware out of the box. Begin by removing the protective film from the windshield braces and windshield. Install the upper and lower braces to the windshield as illustrated in fig. 1. The upper brace has a special shape; the lower brace is a consistent shape throughout. Ensure the upper brace is installed on the outside, and the lower brace is installed on the inside. All bolt heads should be facing the front, with the locknuts installed on the inside of the windshield. Use one flat washer each under the bolt heads and behind the locknuts.
3. Install the 53" rubber gasket provided along the bottom of the windshield. Take care to seat the gasket *fully* to the bottom edge contour.
4. Now you are ready to place the windshield on your Teryx. With help, place the windshield up on the hood, with the bent portion of the top of the windshield resting against the underside of the top roll cage tube. Now with someone else holding the windshield so that it does not slide off, install the clamps at the two *upper* slot locations on each side of the windshield per fig 2. At the two *lower*

slots in the *upper* windshield, you will use the 1-1/4" bolt as per fig. 3. Fig. 4 explains the raised and lowered positions.

5. Enjoy, and remember- when cleaning the windshield do so gently at first with warm water and mild detergent to dislodge any grit that may scratch the Lexan. After rinsing and drying with a soft cloth, you may then polish the windshield with an appropriate commercially available plastic polish, also available from Falcon Ridge. This will ensure many seasons of clarity and keep scratching and swirling to a minimum. Never use cleaners such as Windex that contain ammonia as doing so may adversely affect the windshield.
6. If needed, additional Velcro sets are available, as well as other spare parts and hardware. Contact Falcon Ridge for information.
7. Transporting or trailering your UTV with the windshield installed is not generally recommended. It is best to remove the windshield before transporting your UTV.

**Thank You for your purchase!**

**Return Policy**

If for any reason you choose to return this product it must be returned within **30 days from date item is received**. You **MUST** package the product exactly **as it was originally packaged from the factory to get a full refund for the product!**

The vinyl windows should never be folded when packaging in the box or for storage purposes. Lay all the windows on top of each other with the canvas folded in between and the paper (if available) on both sides of the windows.

**All returned products will be inspected upon arrival at the production facility and must be in unused, factory new condition to receive refund - a 25% restocking fee will apply.**

If ordered from Falcon Ridge please call at 800-213-7981 to gain a return authorization number, use our preferred shipping carrier (UPS) to return the item (unless the item is defective, you are responsible for paying the shipping to return the item.) **Any returns submitted to Falcon Ridge without a return authorization number will be charged a 20% restocking fee.** If ordered from one of Falcon Ridge's many distributors, you must first call them and see what their return policy is. Once your item reaches our production facility, our customer satisfaction team will inspect your item to ensure unused, factory new condition. **NOTE: All windshields must be returned with the original protective film intact and not removed. Do NOT REMOVE if you have any intentions of returning the item. Refund/ replacement of a windshield will only be processed on items with original protective film or if the windshield is defective.**

Items must be properly packaged in the original shipping carton to protect them during transit and ensure your returned item arrives back factory fresh, and in new resalable condition (**any returned items that have been used, altered or damaged in any way will not be subject for a refund.**) All contents including instruction manuals, accessories, hardware, Velcro, etc. must be included in your return shipment. Only items in OEM factory new condition will be approved. Once returned items are received, credit will be issued to the original credit card/ payment method used for the purchase. Outbound shipping and return shipping cost will not be refunded. Please allow 4 to 6 weeks for your refund to be processed.

## **Warranty**
